Henry E. Dixey was offered a cigar by a young lawyer.
"It is easy to see," said Mr. Dixey, examining the cigar, "that you are not married, but only engaged."

"I am engaged. But how did you know? It's a secret," cried the lawyer.
"I knew," said Mr. Dixey, "because you have frequently offered me a cigar from your vest pocket, and it has always been broken."

W. H. Hanson and Family
Arrive Here From Saratoga Springs, N. Y.

Subscribed to the tips of their noses, W. H. Hanson, his wife and son, Walter L. Hanson, arrived at 9 o'clock last night from Saratoga in a big 36 Stearns touring car on a pathfinding and pleasure hunting trip from their home in Saratoga Springs, N. Y., to San Francisco and return. Retiring from Wall street while yet a young man, Mr. Hanson amuses himself and his family by taking auto spins across the country in his big joy car. They came by way of Atlanta, New Orleans and San Antonio.

The car plowed through sand, mud and water with equal faithfulness and not once failed its owner, even while traversing the unblazed trail through the Louisiana swamps.

The cross country tourists will remain in El Paso until Monday to get new tires. Monday morning the start will be made west.

From here the Hanson party will motor to Tucson, and from Tucson to Los Angeles and San Francisco. After remaining on the coast long enough to see the sights, the party will motor back to Saratoga Springs by way of the northern route. The big car is receiving a thorough overhauling here at the hands of Henry Wilkey, the chauffeur who drove it from Saratoga Springs to El Paso.

TROUBLE AT JICARILLA ALMOST
RESULTS IN A KILLING THERE

Acting Postmaster, the Mail Carrier and the Constable Mixed up in the Affair. Mail Carrier Shoots.

Ancho, N. M., Feb. 8.—Yesterday when rural mail carrier M. F. Price who makes his daily mail delivery at Jicarilla, a mining camp located 10 miles in the mountains from here, reached that point, some kind of a dispute was indulged in between Price and the acting postmaster, A. H. Norton, who only a few days ago took charge of the postoffice, pending regular appointment by the postoffice department at Washington, since the sudden death of W. F. Frost, the regular postmaster. Price, it appears, has always carried

firearms for protection while making this trip. Norton, who is a justice of the peace, demanded that he not carry a revolver while on the trip and insisted that he remove the gun while at Jicarilla, which he does.

The mail was made up and delivered to Price, who mounted his horse and put on his gun. Norton had an officer ready, who at once started toward Price. Price declares that, believing an attempt was being made to capture the mail, he immediately brought his gun into play and hit the Mexican officer a terrific blow over the head and rode away with the officer shooting at him. Sheriff Stevens, of this county, has been called for and the postoffice authorities appealed to. Bloodshed is looked for unless matters are quickly settled.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Boxing Lessons for Women

WOMEN LEARNING TO BOX IN GERMANY

New Fad in Athletics Which Finds Some Encouragement in Physical Culture Clubs.

Possibly the campaign for suffrage for women is being managed with more subtlety in Germany than it is in England. That suggestion is offered in view of the progress which is being made in certain schools in Germany, particularly in Berlin, in the instruction of women in boxing.

No effort is being made to develop athletes who shall be able to circle the globe and win championships, but the intention is to impart to women who are interested in some knowledge of the art of self-defense.

Instructors say that the women show not a little cleverness in adapting themselves to the use of boxing gloves, though they are rather loath to hit freely, fearing that too hard a blow may mar some feature of an opponent's face.

Occasionally there are women in the United States who are clever in the use of the boxing gloves and are not afraid to don them against their big brothers now and then, but it is not recorded that there are regular schools where boxing is taught to women.

SEALED VALENTINES MUST CARRY TWO CENTS POSTAGE.
Valentines are now going through the mail at the El Paso postoffice and to insure their delivery postoffice officials state that all valentines that are sealed in envelopes or any that have writing in the envelopes must carry two cents postage whether they are for delivery in El Paso or outside.

Last year nearly 1200 valentines were held up in the El Paso office because a sufficient amount of postage had not been placed upon the envelopes.
